

# Safety Day Coordinators Workshop at this year's Convention

SAASE, in partnership with the Progressive Agriculture Foundation and the Canadian Agricultural Safety Association (CASA) will be hosting a Safety Day Coordinators workshop in conjunction with the SAASE Convention in Moose Jaw on March 10. The training will start at 8:00 am and finish up at noon. The Community Initiatives Fund (CIF) is helping out with the training by covering the expenses for those attending the workshop. Each Agricultural Society can register up to 2 individuals for the training. SAASE with the funding assistance from the CIF will cover the cost of 1 nights hotel, registration costs, resource material, lunch and mileage to the training at \$.30/km. Over the past 3 years the trainings have been done by Progressive Ag. online - this training will give our coordinators an opportunity to get together face to face with other coordinators and network about the things that have worked for their safety days and discuss any challenges. The workshop will be conducted by Jana Davidson who is the Program Manager from the Progressive Agriculture Foundation. This training will give existing coordinators the certification that they need and they will not have to take the online training. For new coordinators the training will be an excellent opportunity to learn from existing coordinators get the training on how to host a safety day.
