

Food Safety Level 1 Certification Workshop

Sunday March 12 (8:30am - 4:00pm)

Workshop Description

Course Content...

It's not just a course, it's a way of life

Food Safety 1st teaches the FoodSafe Level 1 Course ensuring the most up to date version and the latest technology.

Food Safety 1st Instructors do not just teach the course; they "Train" their participants on how to implement safe food handling techniques wherever they handle food. Examples of food handling practices found during restaurant inspections are used to illustrate the course content, making it educational, entertaining and memorable. A FoodSafe manual is given to each participant, and lots of other free stuff!

It's interesting; it's exciting and it's fun!
